

Private Dining

Private Dining is a great opportunity to really go to town, impress your friends and indulge with some really sumptuous menus, all in the comfort of your very own home.

MKC Food will look after you from starter to finish, with menu planning, table laying, drinks service, food presented in the style of your choice with friendly unobtrusive service, leaving your home just the way we found it.

We hold an extensive wine list, and can recommend particular aperitifs, wines and vintages, ports, cognacs and liquers to suit all food styles from classic haut cuisine to asian fusion.
